The Track Season of '25

The opening of the track season brought new work and praise to the Marlin boys. The beginning of the season of '25 was in March. This track season was greatly handicapped by the loss of Hancock and Russell. The track team, realizing their loss, began hard training and work which which developed into a good team. Winning by forty points in the county meet, and by thirty-eight points in the district meet which was eleven points over the nearest rival.

Bartlett, the only man to enter into all the track meets, is star in shot and discus. He will probably set a new state record at Austin this year.

Pyland always came through when nceded most. He always entered five events, placing either first or second, never satisfied without a place. He was high point man in the eounty meet with twenty points, and in the district meet with fifteen points.

Turner more than replaced Hancock in high-jumping, taking third place in the A. & M. meet, the height being five feet eight inches-

Hodges won first place in pole vaulting at the county and A. & M. meets, the height being eleven feet two inches. Hodges was at his best at A. & M.

Simpson, Kyser, and Rogers took care of the half mile events and they did better than was expected.

Old Marlin High School came out on top, as usual, in track. Her supporters were greatly pleased by the results of all the meets.
