M. H. S. FACULTY

Mary Louise Stallworth

The faculty of Marlin High School is one of which we truly are proud. One may go even further in saying that the school board is to be commended for its splendid ability in selecting a body of officials which has proved itself so capable. Furthermore, it is with pride that we are able to turn to the record of these instructors and learn that each one of them has obtained a degree from some reliable college or university; that record which raises our standard considerably above that which is required by the Southern Association. Their splendid cooperation in carrying forth the standard of Marlin High deserves to be mentioned. Through their untiring efforts, the students have been inspired to a stronger cooperation, and *l'esprit de corps*, in up-holding the traditions and standards which are held dear to each one.

The personnel and qualifications of the members of the faculty are:

A. C. Ferguson - Superintendent
A. B. - University of Texas; M. A. - University of Texas
Polytechnic College

H. J. McIlhany - Principal
A. B. - Centenary; M. A. - Polytechnic College
