CLASS HISTORY

On September of nineteen twenty-three, a class of boys and girls, who at that time felt their importance, enrolled as Freshmen in Marlin High School. The girls were very much surprised when they were forced to wear red and green ribbon in their hair. The boys stated that they had a very warm reception—in fact a much warmer one than they desired. But after a few days they became accustomed to the ways of high school.

The following year the Sophs returned to school with the determination to make a great showing in all they undertook. By their hard work and good-will spirit they soon won the admiration of all. The officers of the year were:

Ernest Maxwell—President.
Bennie Forrest—Vice-President.
Millard Turner—Secretary and Treasurer.

The third year was the one that placed the Juniors high in the estimation of their fellow-class mates. They were not only admired by all, but were leaders in all they undertook.

They scored well in track events as well as literary ones. They had a sponsor that was ready to mix and work with the students. The following officers were elected:

Carolyn Threadgill—President.
Bennie Forrest—Vice-President.
Ernest Maxwell—Secretary and Treasurer.

But at last came the year when the goal is nearly reached. The Senior class has worked and have been busy in all their works. But the time is drawing near when they must leave dear ole Marlin, and in the days to come they will look back with happy thoughts of the days spent in dear ole Marlin.

The officers this year are:

Josephine Peters—President.
Bennie Forrest—Vice-President.
James Young—Secretary and Treasurer.
