BASKETBALL

The basketball team of '26 turned out to be a very successful one. Every player had the punch, snap and spirit. They put it over in real style. They showed real team work.

Captain Wesley Neuman, Leach, and Boehne held the forwards, where they proved themselves very capable. They showed accuracy and skill and all were very fast.

Golightly and Krumnow, the lofty men, played a great part at center. They were both good defensive and offensive men.

Steele and Sebesta were given the places as guards. They showed the opponents some real rough but clean games. They played their games well.

Maxwell found service in some of the games and would be a good man for another year. We are sorry that we shall lose him.

Pierson also found service and showed himself up well. He will sure enough be a demon next year, if he remains.
