Beatrice will have an immediate survey of its proposed north and south railroad.

Geo. A. Watson is a candidate as delegate to the National Convention from Lancaster county.

J. M. Rea, of the west part of the Co., has fine prospects for peaches from his trees this year.

Rev. Mr. Dixon, of Clay Co., is spoken of favorably in connection with the candidacy of State Sup't.

Rouuds' Printers' Cabinet is just received, and is the neatest publication that comes to this office.

Radical Leaves, by W. E. Copeland, of Lincoln, and devoted to rational religion, is a new monthly that will be appreciated by many.

From all parts of the county, the delegates to the convention last Saturday, brought the most encouraging reports of crop prospects.

The Gage Co. Republican Convention of last week, adopted very sensible resolutions concerning the greenback and specie resumption policies.

Webster county elected a contingent delegate to the Fremont Convention. It appears that Webster county weren't so well satisfied with its two votes, as the Chief imagined.

The annual examination of the State Normal School, at Peru, will take place June 12th and 13th; graduating exercises on the 14th. Invitations are extended to all to be present.

The Lincoln Journal says the prospects for an early commencement of operations on the Republican Valley and Denver Narrow Gauge railroad, are very flattering, and predicts a hundred miles of the road this season.

By reference to the apportionment of delegates for the years 1875 and 1876, we find that the new apportionment cuts off 21 votes in the entire State. Taking the matter by judicial districts, we find that in the first there is no change; in the second a gain of two; in the third a loss of one; in the fourth a loss of one; in the fifth a loss of twelve, and in the 6th a loss of nine. Taking into consideration the fact that nearly all of the cut-off comes from the western part of the State, and the republican vote of this portion, we can see no justice in such a move, and we are glad to note the general rebuke to the arbitrary action of the central committee.

The following letter was received by Charles Lohff, Esq., of Riverton:

CUSTER CITY, April 21, 1876. Dear Brother—We got here all right yesterday and had no trouble with the Indians, for we were too many for them. We came in with sixty men and fifteen wagons; but they are killing off some every day if they can get a small crowd. There is not much mining here. We shall start to-morrow to a point 30 miles north. We can't tell yet if it will pay. Custer City has about 900 to 1000 miners, about 25 women, and 350 buildings. Roads are bad traveling. Provisions are scarce and hard to get; flour \$15 to \$25; bacon 40c; butter 60c; eggs 50c. If any more are going to start for here, they must be strong parties and well armed, and be looking all the time for Indians. We had four to eight men on guard every night.

Your brother, FRED LOHFF.

EATON INDICTED.

The grand jury of Buffalo county last week indicted R. H. Eaton, editor of the Kearney Press, for printing certain libellous matter in said paper. We quote the following from an editorial by him: "For the benefit of the curious and those personally interested in the matter we publish an indictment found against us by the late grand jury of Buffalo county. That the instrument is faulty in some respects attorneys will readily perceive, but as nobody can take advantage of this but ourself it is immaterial. The case will be allowed to rest entirely upon its merits, and our defense will not be that we did not say these things, but that these things are true and were published with good motives. By this action of the grand jury the aspect of this case has been entirely changed. Heretofore Church Howe and the others were placed upon the defensive; now we are the defendant. The public is conversant with the character of their defense, if it may be termed that; our own defense shall be conducted differently. We have no fault to find, and this is perhaps the only way the thing could have been settled to the satisfaction of the honest people of Nebraska. While we have not urged this action, it does not greatly displease us, for the reason that we are willing and anxious to bring the matter to a focus, where there will be no equivocation admissible. The 30th of the present month is the day set for the trial, and we see no good reason now for delay. Both parties must abide by the result, and there is no trepidation on our part. The 30th will find us ready to proceed. We shall brook no unnecessary delay."

TO SCHOOL OFFICERS.

Sec. 3, page 116, Session Laws 1875, amending Sec. 31, page 970, General Statutes, provides that "any school district may, at any annual or special meeting, impose a tax on the taxable property of the district in any amount not exceeding twenty-five mills on the dollar, on the assessed valuation of the property of the district, and such tax, when voted, shall be reported by the district board to the county clerk."

Sec. 55, General Statutes, p. 970, provides "said board shall, between the first Monday and third Monday in June in each year, make out and deliver to the clerk of each county in which any part of the district is situated, a report in writing, under their hands, of all taxes voted by the district during the preceding year."

It is requested that any action required under the foregoing provisions be promptly taken at the time provided by law, as any delay not only causes great inconvenience in making up the tax list, but may deprive the delinquent districts of a much needed revenue.

Very Respectfully, J. R. McDONALD, Co. Clk. Geo. W. SHEPPARD, Deputy.

D. 1876, the following described real estate, situated in the county of Franklin and State of Nebraska, to-wit: the northeast quarter, the northwest quarter and the southwest quarter of section numbered twenty-nine (29), in township numbered two (2) north, of range numbered fifteen (15) west 6th P. M. according to government survey.

Given under my hand this 19th day of May, A. D. 1876. J. W. DEARY, Sheriff.

Legal Notice.

In District Court, Fifth Judicial District within and for Franklin County, State of Nebraska. Elias Wolf, Abraham Wolf, Levi Mayer, Emanuel Wolf and Myer Goldsmith, partners, doing business under the firm name of Wolf, Mayer & Co., plaintiffs,

vs. Richard Noble and A. H. Buck, part

the action comes from the western part of the State, and the republican vote of this portion, we can see no justice in such a move, and we are glad to note the general rebuke to the arbitrary action of the central committee.

The Midland Pacific's Taxes.

From the following it will be seen that a settlement has at last been made with the Midland road regarding its taxes: "It is stipulated and agreed that this suit is settled and dismissed upon the following terms: The plaintiff shall pay in full settlement of all said taxes assessed against said complainant upon all the land described in the said bill and exhibits thereto attached, eighteen hundred and seventy dollars, within forty days from this date, and the said complainant shall pay three-fourth's of all the costs in said cause, and the defendant one-fourth of all the costs in said cause. Dated May.

Republican Co. Convention,

The delegates elected in the different precincts to the Co. Convention, assembled at Bloomington last Saturday, in accordance with previous notice, to send delegates to Fremont. As soon as the delegates arrived in town, caucussing commenced, and from the movements outside it was easy discernable that the delegates were very equally divided in opinion and the convention was to do close work. At about half past two o'clock, Charles H. Walker, as secretary of the Co. Central Com., in the absence of the chairman, called the delegates to order and Dr. Weston and Pugsley, were put in nomination for chairman, but Pugsley's nomination was totally ignored and Weston declared elected, and rushed into the chair, without taking any notice of the call for a division of the house by one portion of the delegates. After Weston and Walker had "bulled" the temporary organization to suit, a division was obtained on minor questions, but Weston made his own decisions, some of which put to shame even his backers, and were direct opposition to the voice of the majority. After the appointment of the committee on credentials and organization, the contestant delegates from Oak Grove were settled, and the first elected admitted, and those ousted found to submit to the decision, regardless of the ends used to bring it about, matters were more settled and balloting commenced. We have been unable to obtain names, whether for any object I cannot say. The vote stood on both delegates Hon Evan and D. K. Calkins were elected and R. K. Hill, contingent.

At a meeting held at the school house in Bloomington, at 11 o'clock A. M., for the purpose of organizing a teachers' association for Franklin county, the following persons were present: Mrs M S DeClercq, county superintendent, Mr A M DeClercq Mrs Hattie Howard, Miss Dilla M Bush, Miss Cora Bush, Miss Libbie Barriek, Mr A H Bush, Mr J W Wilnot, Mr Frank Bower, Mr John Herbison, Mr Isaac Chappel, and Mr L F Fish.

The meeting was called to order by Mrs DeClercq, who briefly stated the object of the meeting and of the association to be formed.

On motion, J W Wilnot was elected president, Mrs Howard vice president, and L F Fish secretary.

Motion to appoint a committee of three to prepare a programme of exercises having carried, the president appointed Mrs DeClercq and Mr Bower as such committee.

After an interesting discussion of the subject of overcoming the difficulties arising from the great diversity of text books in our schools, the association adjourned to meet at 1:30 o'clock P. M.

AFTERNOON SESSION.

In addition to those already named, Mrs Robt Dow, Mrs J W Deary, Miss H M Johnson, Miss Rosa Schlegel were present.

Mr. DeClercq, chairman of committee on programme, reported, according to which report the subject of orthography was taken up and discussed by several of the teachers present. The general impression seemed to be in favor of writing spelling as preferable to oral.

Grammar was next taken up and different methods of teaching the same discussed. Oral instruction in this study was especially advocated.

After an interesting discussion of modes of instruction in arithmetic, the subject of school government was discussed by the superintendent, Mrs Howard, Mr Herbison and others. Corporal punishment was discouraged, and its use, except in very extreme cases of insubordination, to be deplored.

In accordance with a motion of the association, the president appointed Mrs DeClercq, Mrs Howard and Mr Herbison to prepare programme for next meeting. The committee made the following report: Forenoon—Recitation by A M DeClercq; Essay, "Summertime," by Miss Libbie Barriek; Spelling Reading, by L F Fish; general discussion of Proof of the Refundity of the Earth and Cause of the Change of Seasons. Afternoon—Recitation by D H Bush; Song, "Our Common Home," by J W Wilnot; Selected Verse by M S DeClercq; general discussion of Why it is better to be a Division of the State.

vs.

Richard Noble and A. H. Buck, partners, formerly doing business under the firm name of R. Noble & Co., defendants.

The above named defendants will take notice that they have been sued by the above named plaintiffs, by the filing of a precept and petition in the district court of the 5th Judicial District, in and for said county of Franklin, and that an order of attachment has been issued in said cause, and that George Buck, Jr., of Bloomington, Nebraska, has been duly notified to appear as Garnishee in the premises; that it is the object and prayer of said petition to recover judgment against the defendants in said action for the sum of twenty-eight hundred and eighty dollars and eighty-seven cents and interest from January 7, 1876, for goods sold and delivered by said plaintiffs to said defendants, at their request.

Said defendants are therefore hereby notified that they are required to file their answer to said petition by the office of the Clerk of said Court, on or before the 19th day of June, 1876, or said petition will be taken as true and judgment rendered accordingly.

LOCAL MATTERS.

The bees have it?
 Plowing corn commences this week.
 Pay your taxes and save the interest.

Judge Moulton is building a summer "resort" to his house.

Load your wagons with corn for Hulbert, when you go to Kearney.

A new letter scale, cancelling stamp and considerable pride are late additions to our postoffice.

Come boys, lets have that base ball club, and the usual spraint ankles, fingers and blacked eyes.

Geo. Halbert, Supt Pioneer Stage line at Ball's Rancho, wants to buy corn, and will pay cash for it.

The Riverton party arrived safely in Custer City, as will be seen by a letter in this issue from Fred Lohff

A new side walk on the west of land office block, is one of the improvements made this week in town.

The boys from town hauled in about one hundred and fifty pounds of fish at the T. C. mill, last Sunday.

Messrs. Goe. W. Andrews from Ills. and Charley Hyler, from Iowa, are new settlers near Amazon, this county.

Mr. Conner, the jeweler, comes out in a bran new suit, of late. No use Conner, the charms of leap year have spk into oblivion and the game is up.

Mr. A. D. Benner of Grant precinct, will go to Branch Co. Mich., just about the right time to take in the gathering of president makers at Cincinnati.

Summer suits at the corner store opposite the land office. Linnen coats \$1.90, full suits \$3.00 and upward

Ethan Bond has the nicest dwelling in town. A good inducement for some nice looking young lady with leap year aspirations.

The latest by the Bee is an illustrated supplement describing Sidney a 'short cut to the b. h.'s.' The supplement is a credit to the Bee printing house.

The Oleans Sentinel is improving in typographical appearance.

Peanuts for planting at Buck & Greenwood's.

Miss Dilla Bush will commence a term of school on Thompson creek next week, and Miss Cora on Rebecca creek.

John A. Hobbs said to us the other day, that his sheep were doing finely since the opening of spring.

The streets of Bloomington presented a lively and very earnest appearance last Saturday.

A new and neat line of hats at Buck & Greenwood's. Drop in and see them.

R. D. Babcock and party, in from Juniatta, lost a good horse from colic at the Pioneer stable, Wednesday night

Geo. Dorsey and family returned from Beatrice the first of the week, and report a splendid visit.

More excitement at Buck & Greenwood's this week over his stock of new goods than at the organization of the convention Saturday.

H. B. Holmes tipped his back over the first trip, this week and broke the top off entirely.

Hon. Webster Eaton left for Kearney day before yesterday.

The party from Amazon started up a nice bundle about four miles east of town, near Mr. Hagar's place, but they had no guns and the bronco scared the plain monarch of all he surveyed, wild out over a flight.

Elsewhere in this town will be found the minutes of the teachers' association gathering. We were prevented from being present to witness the exercises, but learn they were very interesting. A good attendance was had, for the session, and we promise the following gatherings will meet with success.

In company with director Deary, we dropped into the town school, now under the management of J. W. Wilmet, on Wednesday, afternoon last.— Everything was running smoothly so far as we could learn, and the teachers efforts in behalf of the school seem to have the desired effect.

One of the thinnest things we ever saw in any convention, was Dr. Weston's attempt to cast the vote of Austin Warriner, of Macon precinct, for himself, for a delegate to the State convention, by a man outside of that precinct. Warriner went down to the school house while the infernal ballot was being taken, and when his name was called and he found to be absent, Weston said to Cross, of Grant, "you put in a vote for Austin," but some of the delegates objected, and Warriner was sent for, and on the formal ballot Weston lacked just one vote, of going to Fremont.

To J. W. SPINSON, Bloomington.
