

The 1830 Census of Wantage Township

Since 1790, and every ten years thereafter, our federal government has taken a census. Regretfully the 1790, 1800, 1810 and 1820 New Jersey census returns are missing (and presumed destroyed). Therefore, this 1830 return is the earliest known Wantage Township census. This census, on microfilm, is available at the Sussex County Library.
