— THE —
HOTEL TEMPLETON

SALT LAKE CITY,
UTAH.

DON H. PORTER,
Proprietor.

Enjoys the distinction of being the only hotel located CLOSE to all points of interest that have made Salt Lake City famous throughout the earth. This elegant hotel is located only across the street from Temple Square, the great Mormon Temple and Tabernacle, the Old Tithing Office and grounds, the Lion and Bee-Hive Houses, and only one block from Eagle Gate and Brigham Young's Grave. In same block with Brigham Young's Theatre, Amelia's Palace or Gardo House, and on Main Street adjoining the great stores of the Z. C. M. I. From the grand dining hall on the top (sixth) floor is the only place in the city that can be seen from spacious windows and verandas all of this old noted and beautiful city—the Great Salt Lake, the beautiful valley, mountain ranges on all sides, the bench at the foot of the Wasatch furnishing a grand view to the north, to the west at evening time the most picturesque of sunset views beaming through the gates between the mountains, making Salt Lake, Jordan River Garfield Beach, Saltair Beach and surroundings one of the most lovely and entrancing sights in this or the Old World. The Templeton is conceded to be the leading first-class hotel of Salt Lake City. Elegant suites with baths.

Three words that tell of our earnest wish—and its fulfillment—to please our customers. We do send "coal that suits" on every order, big or little. We take great pains in the delivery of our coal in sending it promptly and carefully. We send only good coal, (all kinds) and what we send we screen. These things help to make our coal suit—to fulfill our promise of good service and good coal. Can we not sell you your coal? A trial order will convince you we mean what we say.

PREFACE.

ALL of Salt Lake City's society ladies have dreaded the task of preparing a list of guests for a reception or other important social function. The cards of calling acquaintances and the invitations of other hostesses, even if preserved, do not furnish complete data. Then too, man, like the feathered tribe, has strong migratory instincts which he gratifies to the extent of occasionally changing his address, to the perplexity of his would-be-hostess and calling acquaintances.

It is the design of the compilers of the BLUE BOOK to lighten the task of arranging lists, and to furnish a family directory that will be of practical use.

Every possible effort has been made to secure a complete list of the prominent people of the community, with special reference to those who figure conspicuously in the social world, while it will be found that the lines have not been too closely drawn. In its arrangement, the plans adopted by publishers of similar books in the larger cities have been followed, with the result that several features of special interest and value and new to Salt Lake have been introduced.

The chief claim of merit made for the BLUE BOOK, however, is that it is up to date and will fill all needs for such a work for a considerable time to come.

HEALTH AND BEAUTY

gained and maintained by bathing at the Sanitarium.

Massage with the Sanitarium Hot Sulphur water baths produces good circulation, cures the sick and keeps the healthful well.

Two hundred to seven hundred people bathe at the Sanitarium daily.

Four hundred gallons of Hot Sulphur water passes through the Sanitarium each minute, day and night.

To remove BLOTCHES, PIMPLES AND FRECKLES, soak your face in the Sanitarium Hot Sulphur water, and use the face steamer.

IMPORTANCE OF SWIMMING.

Dr. Rosse, Ex-Surgeon in the United States Army, now Professor of Nervous Diseases in the Georgetown University, Washington, D. C. in a recent letter says:

"People do not realize the IMPORTANCE OF SWIMMING. I am convinced that neglect to learn swimming, and the absence of this eminently hygienic exercise, are responsible for many flabby hearts, weak lungs, and torpid minds. As a curative means, it is superior in many conditions to the so-called tent-cure, electricity, or drugs, and may be employed with benefit for chlorosis, convalescence, insomnia, and like NERVOUS DISEASES, as chorea and hysteria.

"My experience as a neurologist leads me to add that SWIMMING IS ONE OF THE BEST AIDS IN THE TREATMENT OF NERVOUS DISEASES.

"I am an advocate of swimming schools and bathing pools in every city."

The FINEST OF SWIMMING, also good teachers at the Sanitarium, 50 West 3rd South Street.

Either of the pools will be reserved exclusively for PRIVATE PARTIES of forty or more any time except Fridays and Saturdays.

SALT LAKE CITY.

Arc and Incandescent Electric Lighting for Residences,
Churches, Public Halls, Business Houses, and Manufactures.
Thoroughly reliable and Economical.

Science Compels Advancement.

Electricity Gives us Light, but the uses of Gas are three
fold.

First it is the Fountain of Merriment and Fun.

Second it is a source of Light.

Third it is the Greatest Factor for producing the hap-
piness of man and the ease and contentment of woman ever
brought to light, when utilized in Gas Stoves and Gas
Ranges.

The anxiety and trouble of keeping up large fires, of
regulating the temperature of the various articles under treat-
ment is entirely avoided by the use of Gas Stoves and Ranges.

No Soot, no Dust, no Ashes, no Swearing.

Simply Perfection.
