

LOCAL AND STATE NEWS.

[From Sunday's Daily.]

Stoves and Ranges. John Ainley has just received another car-load of stoves from the East...

List of Letters.

The following are the list of advertised letters remaining in the Elko, Nevada, postoffice up to Saturday, June 2, 1877:

- Armenta, Manuel Howard, Henry Brown, D. Lind, John Brown, Samuel Morrow, S.—2 Brewer, S. A. McKeeney, James Cathans, Wm. J. R. Dahart, Dan Costello, Mollie—2 Skaggs, Sterling Cigro, Mattie Walker, Edmund Darby, Jas. M.—2 Walker, Wm. E. Q. M. Hull, Postmaster.

For Carson.

Gabriel Coln will leave here for Carson City on Monday, to represent Elko Lodge, at the meeting of the Grand Lodge, I. O. of O. F., which assembles at that place on the 5th instant.

More Bricks.

Ben Fitch has commenced the manufacture of brick for the new building, to be erected by Dr. J. S. Meigs and J. S. Mayhugh.

Personal.

Colonel Sanders and Captain Craigie, of the military post at Halleck, arrived here by the train yesterday morning to meet General Ingalls, Chief Quartermaster of the Pacific Division...

Terms of Tuition.

The terms of tuition in the primary department of the school which will commence to-morrow, in the public school house, under the management of Miss Bell Cary, will be three dollars per month.

Ballon Received.

Two bars of Leopard ballon, valued at \$3,699 22, were received here at Wells, Fargo & Co.'s office, by the stage from Cornucopia Friday night.

STATE TREASURER, JERRY SCHOOLING, was married, Wednesday last, at Sacramento, to the wife from whom he separated twelve years ago, at Washoe City.

Personal.

Col. J. B. Moore, of Ruby Valley, who came down from his home Sunday, took the train for Reno yesterday.

Good Ore.

The average samples of ore from the 60 foot level of the Falcon mine received here a few days ago by Mr. P. Freeman were sent to Virginia City for assay.

Ballon Received.

The stage from Tuscaraora last evening, delivered at the office of Wells, Fargo & Co., six bars of Grand Prize ballon, valued at \$9,145 75.

WHY Celebrate.

The people of Camp Halleck propose to celebrate the 4th of July in grand style. The advertisement of the programme in another column is in evidence of the seriousness of their designs.

Ballon Received.

The stage from Tuscaraora last evening, delivered at the office of Wells, Fargo & Co., six bars of Grand Prize ballon, valued at \$9,145 75.

Butterfield in Trouble.

From one of our San Francisco exchanges we learn that a former well-known Elkoite has succeeded in getting himself into trouble. According to the published account, Don C. Butterfield was arrested at the Cosmopolitan Hotel in San Francisco, on the 28th of July, 1875, Butterfield forged the indorsement of George Hearst to a note for \$500, and induced Pierson to take up the note, thereby swindling him out of that amount.

This peculiar and decided views of "Mission Dolores," as set forth in original orthography in our last issue, has brought a rejoinder from the party feeling aggrieved—probably from the very "grieved" stuck the gun to the parlor chairs."

Owing to the closing of tunnel No. 9, a short distance east of the summit of the Sierra Nevada's, Sunday's train was so long delayed that it was consolidated with that of the following day, the conjoined trains reaching here at 7 o'clock last evening.

With the exception of a few pan-bottoms, all the freight for the mill at Tuscaraora has been shipped. Several large teams that were kept back by the late storms pushed out yesterday, which about cleans out all that has thus far arrived.

A GENERAL ORDER by the stockmen of this section is now taking place. Dixie Valley and South Fork is the scene of present operations.

The stage for Tuscaraora yesterday morning went out loaded to the guards with passengers.

From Cape District.

Through a letter from a friend at Mountain City, we obtain the following mining items from Cape District: On the Mountain Laurel the mine is down 150 feet, from the bottom of which a level has been run north, tapping a splendid body of ore which is from four to five feet in width.

A rich strike is reported to have just been made in one of the old locations on California Hill, by W. F. Ross. Van Duser and Phares are taking excellent ore from the same hill, and Phares & Co. are meeting with satisfactory success in the prosecution of extensive explorations.

The mining prospects of this section of Elko County are much brighter than for years past, and continue steadily improving.

The Mountain Laurel mine, although located in the comparatively new district of Stanislaus, is in the same big mineral basin which embraces the old Cape District, and as a portion of the mines referred to are in the latter, and its capital, Mountain City, being the point to which all roads in that country lead, we have taken the liberty of including the various mines spoken of, under a single head, and we have no fears that the element now persistently engaged in exploring the hills of the old Cape District for their hidden treasures, will cease its efforts until its object is fully attained.

The district is beyond all doubt a rich and permanent one, and the thorough, systematic mining which has prevailed there in years gone by, will, by its important discoveries, dispel the cloud which should never have been permitted to obscure the genuine merits of Cape as a mining district.

We are authorized to announce that M. P. Haynes' Cabinet Chop House, adjoining the Postoffice, will be opened to the public Thursday morning. The house has just been newly fitted up, especially for the purpose, and in the style and elegance of its appointments is unsurpassed by anything in its line, upon the railroad either east or west.

The people of Camp Halleck propose to celebrate the 4th of July in grand style. The advertisement of the programme in another column is in evidence of the seriousness of their designs.

Following is the report of the School Census Marshal for the District: Number of boys between 6 and 18 years of age 101. Number of girls between 6 and 18 years of age 121. Total number between 6 and 18 years of age 222. Number under 6 years of age 53. Number under 21, born in Nevada 67. Total number reported as attending public school 196. Number between 6 and 18 not attending any school 26.

The last of the material for the new mill at Tuscaraora that has arrived from below was loaded yesterday, and nearly all of it is now on the road.

SUPERINTENDENT LINTON, of the Grand Prize, who has been in town a couple of days on business, started for Tuscaraora by private conveyance yesterday.

Mr. COSTIS, who arrived here from San Francisco Monday evening, started for Tuscaraora yesterday morning by stage.

[From Thursday's Daily.]

The Tuscaraora Mining Review of the 2d, has the following in relation to some of the prominent mines of the district: GRAND PRIZE.

The main shaft is down 250 feet, and they have now commenced cross-cutting for the ledge on the third level. Work is progressing in the cross-cut, and before long it will have tapped the ledge.

The main west drift on the second level is in three hundred feet, and the main east drift on the same level is in the same distance. The faces of both drifts are showing very good ore.

The shaft is down 100 feet and drifting east and west on the ledge is in progress, showing very good ore. This is one of the coming mines of this camp.

The first 200 feet of drift, which was let by contract, is now completed and another contract for running 100 feet more has been let, and is now in progress.

Hand Shattered.

By letter from Cornucopia we are informed of a couple of accidents which occurred recently at the Hussey mine. On Sunday last, while P. D. Doral was handling a Giant cap, the little missile exploded and shattered his hand in a shocking manner.

A workman named Yanga had the misfortune to lose the middle finger of his right hand by being caught by the bucket in the shaft of the same mine, about a week ago.

The writer informs us that the richest ore ever taken from the mine is now being extracted, and that, too, in paying quantity, which is gratifying news.

News of further pistol practice at Tuscaraora reached here by stage last night. According to the published report received, John Hubbard, a former resident of this place, took in a full cargo of bellows head, and then conceived the idea that his system required a dose or two more.

Hon. J. B. Moore returned from a flying visit to Carson City by the train last evening. He reports the only activity perceptible in that vicinity, as being manifested at the State Prison, where much needed improvements are being made.

Elko Lodge, P. & A. M., will celebrate St. John's Day in Elko by a procession, an oration at the church, and a dinner at the hotel. The 21th of June (St. John's Day) occurring on Sunday, the celebration will take place on the 23d instant.

The Eureka Sentinel has entered upon its thirteenth volume and seventh year. Its prosperity, of which it is well deserving, is apparent, and the journal is all its proprietors claim for it—the best in the State east of the Coast.

Three more car loads of eastings for the new Grand Prize mill, arrived here yesterday, and was transferred directly from the cars to the teams for transportation to Tuscaraora.

Following is the report of the School Census Marshal for the District: Number of boys between 6 and 18 years of age 101. Number of girls between 6 and 18 years of age 121. Total number between 6 and 18 years of age 222. Number under 6 years of age 53. Number under 21, born in Nevada 67. Total number reported as attending public school 196. Number between 6 and 18 not attending any school 26.

Sheriff Ed. Seitz received a dispatch from Halleck Station, about 2 o'clock yesterday, stating that James Finnerty, son of the late Justice Finnerty, of that place, had just been shot and instantly killed by a one-eyed negro boy known in this vicinity, where he has recently been employed by various persons, as Sam Mills. The particulars of the affair, as we have been able to gather them, are as follows:

Mills entered the hotel at the Station now kept by John Deering, and with a knife attacked the lady of the house, whereupon some man present, whose name we didn't learn, promptly knocked him down. It appears that Mills then left the house, and procuring a loaded gun, returned soon after.

Our old townsman, Josiah E. Chase, seems to be peculiarly beset by misfortune in the way of painful accidents. Only a few months ago his arm was broken by being caught in the machinery of the flouring mill in this place, and before he had fully recovered from that injury, another calamity befel him in the shape of a runaway horse, by which himself and wife were seriously hurt.

Senator Shepherd arrived from his ranch on South Fork yesterday to ascertain the exact positions of the contending armies in Europe. Having obtained a Chronicle map and a Russian dictionary, he feels sufficiently fortified to make the trip back to-day.

James Shephard, of Lathrop, California, came up by the train last evening to visit his father, who recently arrived from Kentucky, and is now at his son George's ranch on South Fork.

Mrs. Mollie Macintosh also arrived by the same train from an extended visit among relatives and friends in the Golden State.

The magnificent Norman stallion, "Marshal Ney," arrived here from Wells yesterday, and will remain until the 15th of July, when he will be returned to the Wells. As will be seen by the advertisement in another column, "Ney" is the property of J. H. Taber.

FRANK SMITH is erecting a new stable and corral opposite the lumber yard on Commercial street.

Another car load of material for the new Grand Prize mill arrived from the West yesterday.

Although, perhaps, a majority of the people of Elko are not averse to pork, they at the same time are ever ready to— the— hogs, particularly those that are suffered to roam according to their own sweet s-wills, through the public street and private gardens wherever a gate isn't barred, bolted and locked.

By reference to another column it will be observed that the old spirit of '76 still burns brightly in the hearts of the patriotic citizens of Carlin, and they will not permit the anniversary of the nation's birthday to pass without a joyful recognition of the occasion.

The Silver State of the 6th says: Sheeliff River, of White Pine county, passed through last evening with three bonders for the State Prison. They are, bonded, the murderer of Matt Gleason, sentenced for life; Leonard, convicted of manslaughter in killing Beller and Crawford, the stage robber, sentenced for seven years each.

Two "escapes" from the Eureka county jail recently have been captured in Winnemucca.

Through Mr. Hatch, the obliging operator at Halleck Station, we obtained the following further particulars of the killing of young Finnerty on Thursday: The negro, Mills, had been for a few days employed by Webb & Deering, proprietors of the hotel, in the capacity of cook, and Webb was the man who took the knife from Mills at the time he attacked Mrs. Deering.

The murderer then made his escape, and at last accounts three citizens of the Station on horseback were in hot pursuit of the fugitive.

Our old townsman, Josiah E. Chase, seems to be peculiarly beset by misfortune in the way of painful accidents. Only a few months ago his arm was broken by being caught in the machinery of the flouring mill in this place, and before he had fully recovered from that injury, another calamity befel him in the shape of a runaway horse, by which himself and wife were seriously hurt.

Commercial St., bet. Third and Fourth, ELKO, NEVADA.

N. B.—Repairing promptly attended to.

APPLICATION FOR PATENT.

Application No. 28, U. S. Survey No. 37.

U. S. LAND OFFICE, AT ELKO NEVADA.

NOTICE IS HEREBY GIVEN, THAT THE

U. S. Survey No. 37, covering a tract of land in Elko County, Nevada, containing 320 acres, more or less, situated in Grand Junction Mining District, County of Elko, State of Nevada, and is more particularly described as follows, to-wit:

Beginning at a post marked No. 1, U. S. Survey No. 37; thence running North 83 deg. 30 min. W. 600 feet, to post marked No. 2, U. S. Survey No. 37; thence South 83 deg. 30 min. E. 600 feet, to post marked No. 3, U. S. Survey No. 37; thence third course S. 83 deg. 30 min. E. 600 feet, to post marked No. 4, U. S. Survey No. 37; thence fourth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 5, U. S. Survey No. 37; thence fifth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 6, U. S. Survey No. 37; thence sixth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 7, U. S. Survey No. 37; thence seventh course S. 83 deg. 30 min. E. 600 feet, to post marked No. 8, U. S. Survey No. 37; thence eighth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 9, U. S. Survey No. 37; thence ninth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 10, U. S. Survey No. 37; thence tenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 11, U. S. Survey No. 37; thence eleventh course S. 83 deg. 30 min. E. 600 feet, to post marked No. 12, U. S. Survey No. 37; thence twelfth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 13, U. S. Survey No. 37; thence thirteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 14, U. S. Survey No. 37; thence fourteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 15, U. S. Survey No. 37; thence fifteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 16, U. S. Survey No. 37; thence sixteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 17, U. S. Survey No. 37; thence seventeenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 18, U. S. Survey No. 37; thence eighteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 19, U. S. Survey No. 37; thence nineteenth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 20, U. S. Survey No. 37; thence twentieth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 21, U. S. Survey No. 37; thence twenty-first course S. 83 deg. 30 min. E. 600 feet, to post marked No. 22, U. S. Survey No. 37; thence twenty-second course S. 83 deg. 30 min. E. 600 feet, to post marked No. 23, U. S. Survey No. 37; thence twenty-third course S. 83 deg. 30 min. E. 600 feet, to post marked No. 24, U. S. Survey No. 37; thence twenty-fourth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 25, U. S. Survey No. 37; thence twenty-fifth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 26, U. S. Survey No. 37; thence twenty-sixth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 27, U. S. Survey No. 37; thence twenty-seventh course S. 83 deg. 30 min. E. 600 feet, to post marked No. 28, U. S. Survey No. 37; thence twenty-eighth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 29, U. S. Survey No. 37; thence twenty-ninth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 30, U. S. Survey No. 37; thence thirtieth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 31, U. S. Survey No. 37; thence thirty-first course S. 83 deg. 30 min. E. 600 feet, to post marked No. 32, U. S. Survey No. 37; thence thirty-second course S. 83 deg. 30 min. E. 600 feet, to post marked No. 33, U. S. Survey No. 37; thence thirty-third course S. 83 deg. 30 min. E. 600 feet, to post marked No. 34, U. S. Survey No. 37; thence thirty-fourth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 35, U. S. Survey No. 37; thence thirty-fifth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 36, U. S. Survey No. 37; thence thirty-sixth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 37, U. S. Survey No. 37; thence thirty-seventh course S. 83 deg. 30 min. E. 600 feet, to post marked No. 38, U. S. Survey No. 37; thence thirty-eighth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 39, U. S. Survey No. 37; thence thirty-ninth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 40, U. S. Survey No. 37; thence fortieth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 41, U. S. Survey No. 37; thence forty-first course S. 83 deg. 30 min. E. 600 feet, to post marked No. 42, U. S. Survey No. 37; thence forty-second course S. 83 deg. 30 min. E. 600 feet, to post marked No. 43, U. S. Survey No. 37; thence forty-third course S. 83 deg. 30 min. E. 600 feet, to post marked No. 44, U. S. Survey No. 37; thence forty-fourth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 45, U. S. Survey No. 37; thence forty-fifth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 46, U. S. Survey No. 37; thence forty-sixth course S. 83 deg. 30 min. E. 600 feet, to post marked No. 47, U. S. Survey No. 37; thence forty-seventh course S. 83 deg. 30 min. E. 600 feet, to post marked No. 48, U. S. Survey No. 37; thence forty-eighth course S.
