Dear Mr. Hemphill:

Congressman Johnson is out of the office for a few days taking a well-earned rest. I am enclosing a letter that Mr. Johnson has received with reference to your request for electric service from the REA. I am sure you will find it self-explanatory.

If the work does not go ahead according to schedule, be sure to get in touch with Mr. Johnson again in order that he might help push your application along.

Sincerely,

Walter Jenkins

Dear Lyndon:

This has reference to your letter of October 30th concerning the efforts of Mr. E. R. Hemphill, Route 2, Red Rock, Texas, in securing electric service.

We find that this extension has not been staked; however, we will make every effort to have it staked within the next two weeks. As soon as this work has been completed we will build it as soon thereafter as possible.

Dear Sir,

we have been trying to get  
electricity for almost a year  
our line will only have to go  
about 5 or 600 yards. we have  
signed all the necessary  
papers and paid a fee  
of \$5. twice. and so far we  
seemed to have been  
ignored. The house is  
wired and been inspected  
but they haven't even  
surveyed the line, we  
have electric appliances

we cant use untill we  
get the line to the house  
if there is any way you  
can help us on this  
we sure would  
appreciate it, as we  
need this very badly.

Yours truly
