TILLIS LETTER

The following letter was found among the service papers of Wayne Tillis who was a Private in Company I, 9th Regiment of Florida Infantry, Confederate Army. It makes us realize how really bad times were for the people of the South in the latter days of the Civil War.

Ea. Florida
 Alachua County
 April 17th 1864

General Bougard, I take the pen in hand to drop you a few lines to let you know my condition.

I will say to you that I have almost nothing to go upon in the way of living such as provisions nor nothing to by with as if there was any thing to by and I have got 10 children to suport and I am in --- --- lady to help me furnish a suport for my children. My husband has been in the servis about 22 months and his age is 49 the 15th of August coming and my age is 44 the 5th day of May and Mr. Tillis served his country in her trouble in 35 and I right this few lines to you to fill his request that he wished you to gave him a discharge. He has been sick for some time and 3 fersitions has attended him and they recommend a discharge. He has boath the dropsey and the rheumatis so that he can scarce walk and if I can't get asistance some way my children must surley starve for I have no boys that is able to do any thing and I do not want you to denigh my request if you can help it.

So nothing more only I remain your

Respectively, Betsey B. B. Tillis
